

Gary Kasper is a 4<sup>th</sup> generation Texan, born right here in Austin, Texas. Graduated from Travis High on the south side of Austin in 1976, he joined the United States Air Force and became Recon Ranger. Stationed in Germany. During his tour he was selected to play professional basketball for the Air Force All-Star team. In 1983 he was deployed where a severe injury forced him to retire from both his military duties and basketball.

He relocated to Fresno CA. Where he attended Fresno City College earning degrees in Business and Food. He spent the next 20 years in the hospitality Industry managing restaurants, retail and hotels. In 1994 he met his now wife Yulanda Arnold and married in 1999. They have two children and one grandchild. In 2004 Gary began his career in network marketing where he successfully built team of associates in a Health product company Via Vente.

From there he assisted his wife, Yulanda Kasper in launching a shirt line design company, Design By KYA, where he focused his attention on building sales and marketing. It was during this time he was introduced to Identity theft by way of receiving basically a flyer from the state of Texas stating there was a warrant for his arrest for bad checking writing from 1983. In order to resolve this he was arrested, processed, jailed and had to post bail. Resolving this incident led Gary to establishing Identity Theft Solutions. It's mission, to create an educational program so people could learn what Identity Theft really is and why they need protection.

Identity Theft Solutions, Powered By IdShield was established in 2008, and is currently in sixteen states. Since then the company has assisted more than 800+ clients, 125 small businesses, and 2 major companies in monitoring, protecting and restoring their identity. Gary has been an Identity Theft Expert for more than 9 years conducting Identity theft seminars nationwide, for companies, small businesses, families and individuals educating them on all aspects of Identity Theft. He is a keynote speaker and published author.
